ARRIVAL

On the day of arrival, we can receive our Guests personally from 3:00 p.m. to 7:00 p.m. at a pre-arranged time. The owner/manager is on spot upon arrival.

CLEANING AND BED LINEN CHANGE

If necessary, tools for minor cleaning can be found in Buborék's pantry under the outdoor stairs. We schedule cleaning in case of a longer stay (min. 7 nights). For longer stays (min. 7 nights), we are changing also bed linen and towels.

CLOSING THE FRONT DOOR

The front door can only be closed after the handle has been fully pulled up.

COOLING AND HEATING

There are 2 electric radiators on both floors, which according to the season/temperature are turned on and set to a pleasant temperature. In summer a mobile air conditioner-fan is available in the sleeping area.

The bathroom can be heated using an infrared panel controlled by a separate thermostat.

The fireplace is not used to heat the guesthouse. We also ask that only experienced people light the fire, with gradual pre-heating, initially with a small amount of lighter, and then with a smaller amount of prepared firewood. In the event of a fire, the fire extinguisher should be used immediately, and the central emergency number 112 or the fire department should be notified immediately by calling 105.

DEPARTURE

When leaving, please leave the Guest house by 11:00 a.m. The owner/manager is on spot upon departure.
